

Creating a Wiki

1. Go to www.wikispaces.com

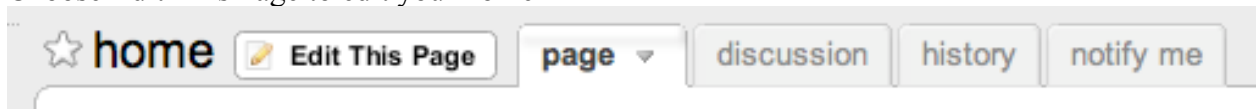

The image shows the Wikispaces homepage. At the top left is the Wikispaces logo with a green plant icon and the text "wikispaces wikis for everyone". Below the logo is the text "Create simple web pages that groups, friends, & families can edit together". Underneath are links for "Tours", "Pricing", and "Private Label". A quote from Davide Bacci is displayed: "I have tried a lot of wikis and wikispaces is by far the best. - Davide Bacci". To the right is a "Join Now!" section with a form for creating an account. The form includes fields for "Pick a username", "Set your password", "Enter your email address", and "Space name (optional)". There is a "Join" button and a "Terms of Use" link. Below the "Join Now!" section is a "Private Label" section with the text "Wikispaces For Your Simple. Secure. Hosted." and a "Learn More >" link.

2. Enter your information in the “Join Now!” pane
3. Choose the type of site:

The image shows the "Join Now" form. It has a green header with the text "Join Now" and "Fill in the fields below and you're done." Below the header are six numbered fields: 1. Username (EdTechIn), 2. Password (empty), 3. Email Address (edtech@edtechinnovators.com), 4. Make a Space? (Yes/No radio buttons), 5. Space Name (edtechin), and 6. Space Visibility (Public (free), Protected (free), Private (30 days free, then \$5/month) radio buttons). There is a "Join" button and a "Terms of Use" link.

4. Choose Edit This Page to edit your home

5. In order to add pages or edit page settings, use the left toolbar:
